 - New Layout of Plan: Approval of the Plan. The Commissioners all agreed that the new plan layout is a great improvement and something that is easy to work with. They thought that the amount of work that was put into the revision was commendable and a great job was done. Jeremy Weso reviewed the memo that he provided to the commissioners. He had made some minor changes to the Table of contents, changed the number of pages from 148 to 149 and changed the comprehensive plan summary table to reflect Human Services areas of responsibilities. He also made some changes to the font size to make the plan more legible. Jeremy Weso advised the commission that now that everything is laid out in a format that is user friendly, we might want to go over the goals that are set out in the plan. Some of them
